M.Ed

Welcome to Stone Lodge Academy

I am very happy to introduce to you to our exciting new website.

Everyone at Stone Lodge is extremely proud of our academy where our students continue to achieve and flourish both educationally and socially in our supportive and friendly environment.

Our aim is simply to encourage all individuals to achieve their potential.

Currently our age range is from: 5 to 16 years. (National Curriculum Years 1 to 11)

Stone Lodge Academy is a special school providing education for pupils who have a primary diagnosis of Moderate Learning Difficulties and who may also experience other complex difficulties, for example, we cater for pupils with a range of needs including:

- ADHD
- ADD
- Asperger's Syndrome (High level functioning)
- Autism (ASD) (where MLD is the primary need)
- Speech and Language Difficulties
- Downs syndrome

All pupils are referred to us and funded by Local Authorities. Suffolk County Council administer our admission process.

Please feel free to look around our website but we feel that the only way to find out if we are the best setting for your child is to come and visit us!

Please feel free to contact us for further information if you would like to know more.

We look forward to showing you around the academy.

Sincerely Rick Tracey M.Ed.
